<i>Baryancistrus</i>	L018	<i>Baryancistrus</i> L018		
<i>Baryancistrus</i>	L177	<i>Baryancistrus</i> L177		
<i>Brochis</i>	<i>britskii</i>	<i>Brochis britskii</i>		
<i>Hypoptopoma</i>	<i>gulare</i>			New genus which has not gone through risk analysis
<i>Hopliancistrus</i>	L017	<i>Hopliancistrus</i> L017		
<i>Mesonauta</i>	<i>festivus</i>			New genus which has not gone through risk analysis
<i>Scleromystax</i>	<i>barbatus</i>	<i>Scleromystax barbatus</i>		Already on current HIS
From FNZAS (R. Soons email 11/09/2008)				
<i>Acantopsis dialuzona</i>				
<i>Agamyxis pectiniifrons</i>				New genus which has not gone through risk analysis
<i>Ancistrus</i> gen sp. L128		<i>Hemiancistrus</i> L128		
<i>Aphyosemion bitaeniatum</i>				
<i>Archocentrus sajica</i>	was <i>Cichlasoma sajica</i>			already listed above
<i>Astyanax jordani</i>				
<i>Beaufortia leveretti</i>	was <i>Psuedogastromyzon leveretti</i>			
<i>Boraras brigittae</i>	was <i>Rasbora brigittae</i>			
<i>Botia almorhae</i>				
<i>Botia helodes</i>		<i>Syncrossus helodus</i>		Already on current IHS
<i>Botia hymenophysa</i>		<i>Syncrossus hymenophysa</i>		
<i>Brachysynodontis batensoda</i>	was <i>Synodontis batensoda</i>			
<i>Chaetostoma thomsoni</i>	was <i>Hypostomus thomsoni</i>			
<i>Copadichromis azureus</i>				
<i>Corydoras napoensis</i>				
<i>Corydoras reticulatus</i>				identified as an environmental risk (NIWA-DOC report)
<i>Corydoras trilineatus</i>				identified as an environmental risk (NIWA-DOC report)
<i>Cryptoheros nigrofaciatus</i>				New genus which has not gone through risk analysis
<i>Dimidiochromis compressiceps</i>				New genus which has not gone through risk analysis
<i>Epalzeorhynchus munense</i>				
<i>Gastromyzon punctulatus</i>	was <i>Psuedogastromyzon punctulatus</i>			
<i>Hara hara</i>	was <i>Pimelodus hara</i>	<i>Erethistes hara</i>		
<i>Hemiodus gracilis</i>	was <i>Hemiodopsis gracilis</i>			
<i>Hoplosternum littorale</i>				
<i>Kryptopterus macrocephalus</i>				
<i>Kryptopterus minor</i>				
L129	<i>Peckoltia</i> sp.	<i>Hypancistrus</i> L129		
<i>Loricaria colombia</i>				No valid scientific name
<i>Luciocephalus pulcher</i>				Already on current IHS
<i>Luciosoma spilopleura</i>				
<i>Melanochromis vermillion</i>				

<i>Metynnis argenteus</i>				
<i>Microctenopoma ansorgii</i>	was <i>Ctenopoma ansorgii</i>			Already on current IHS
<i>Microglanis iheringi</i>				
<i>Maylandia callainos</i>				Already listed above
<i>Nimbochromis venustus</i>				
<i>Nomorhamphus ebrardtii</i>	was <i>Dermogenys ebrardtii</i>			
<i>Nothobranchius palmqvisti</i>				

<i>Parachromis friedrichsthalii</i>	was <i>Cichlasoma friedrichsthalii</i>		
<i>Parosphromenus deissneri</i>	was <i>Osphromenus deissneri</i>		
<i>Parotocinclus jumbo</i>			
<i>Pseudotropheus elongatus</i>			
<i>Pyrrhulina eleanorae</i>			
<i>Rasbora vulcanus</i>			
<i>Simpsonichthys constanciae</i>	was <i>Cynolebias constanciae</i>		
<i>Sundadanio axelrodi</i>	was <i>Rasbora axelrodi</i>		
<i>Synodontis acanthomias</i>			
<i>Synodontis budgetti</i>			
<i>Synodontis caudovittatus</i>			
<i>Synodontis nigromaculatus</i>			
<i>Synodontis robbianus</i>			
<i>Trichopsis schalleri</i>			
<i>Vieja fenestrata</i>	was <i>Cichlasoma fenestrata</i>		
<i>Xiphophorus variatus</i>			identified as an environmental risk (NIWA-DOC report)
<i>Zonancistrus sp. L052</i>	<i>Lixthoxus sp.</i>	Dekeyseria L052
