

**FUTURE WORK PROGRAMME FOR THE  
TERRESTRIAL ANIMAL HEALTH STANDARDS COMMISSION**

| Topic  |   |   |
|--|---|---|
| Action   | How to be managed                               | Status (February 2011)                                    |
| <b>Restructuring of the <i>Terrestrial Code</i><br/>Harmonisation of <i>Terrestrial and Aquatic Codes</i></b>  |   |   |
| 1. Work with AAHSC towards harmonisation, as appropriate, of the Codes<br>2. Chapters / references of non listed disease<br>3. CH rename by disease agents | TAHSC & ITD                                     | 1. Ongoing<br>2. Proposed for adoption 2011<br>3. Ongoing |
| <b>Listed disease</b>  |   |   |
| criteria for listing   | TAHSC & SCAD & AHG                              | Revised CH for MC<br>New text drafted by AHG              |
| <b>CWD</b>   |   |   |
| Decision on listing 'on hold' (new CH)   | TAHSC & SCAD                                    | propose CH  |
| <b>PRRS</b>  |   |   |
| new CH (pending new info on diagnostics)   | SCAD  | Propose CH  |
| <b>Evaluation of VS and OIE PVS pathway</b>  |   |   |
| inclusion of legislation aspect  | TAHSC & ITD                                     | Modified new CH for MC                                    |
| Inclusion of reference to education  | TAHSC & ITD                                     | Text proposed for MC/adoption 2011                        |
| <b>AI, ND, CSF</b>   |   |   |
| Modify for consistency   | SCAD  | Revised CH for MC/adoption 2011                           |
| Official recognition CSF   | SCAD/AHG  | Pending production of draft + Q                           |
| <b>AHS</b>   |   |   |
| Official recognition   | SCAD&TAHSC                                      | Revised CH & Q for MC 2011                                |
| <b>FMD</b>   |   |   |
| Official recognition of national programme   | SCAD&TAHSC                                      | Revised CH & Q for MC/adoption 2011                       |
| <b>RP</b>  |   |   |
| Global freedom era   | SCAD&TAHSC&AHG                                  | Revised CH to be proposed for MC in Sept 2011             |
| <b>Other <i>Terrestrial Code</i> texts in need of revision</b>   |   |   |
| Pet food CH  | New AHG&TAHSC                                   | Modified new CH for MC in Sept 2011                       |
| Update CH on Brucellosis   | SCAD;   | AHG in July 2011 under SCAD                               |
| Update CH on Rabies  | SCAD&TAHSC&AHG                                  | Revised CH for MC in Sept 2011                            |
| Update CH on Bee diseases  | New AHG/SCAD&TAHSC                              | Revised CH for MC in Sept 2011                            |
| Update CH on PPR   | SCAD  | AHG under SCAD  |
| CH on EHD  | SCAD  | AHG in March 2011   |
| Update CH on scrapie   | TAHSC&SCAD                                      | Revised CH for adoption 2011                              |
| Update CH on SVD   | SCAD&TAHSC                                      | Revised CH back to SCAD/AHG                               |
| Update CH on ASF(inactivation + SURV)  | SCAD  | To be prioritised   |
| CH on Paratuberculosis   | BSC (diagnostic test) & STD (guidance document) | On hold pending further development in diagnostics        |

## Annex 38 (contd)

| <b>Animal Production Food Safety</b>  |                                  |   |
|---|----------------------------------|---|
| 1. Salmonellosis<br>a. Revised CH on salmonella control.<br>b. Update biosecurity procedures CH<br>2. Campylobacteriosis drafting articles      | APFSWG & AHG                     | 1. Modified draft CH proposed for MC/adoption 2011<br><br>2. On going   |
| Zoonotic parasitic diseases   | AHG                              | Revised CH proposed for MC  |
| <b>Animal welfare</b>   |                                  |   |
| New texts:<br>1. Dog populations<br>2. Lab animals<br>3. Livestock production systems   | AWWG & AHGs<br>TAHSC supervision | 1. Modified draft CH proposed for MC/adoption 2011<br>2. Modified draft CH proposed for MC /adoption 2011<br>3. Modified draft CH for MC (Broiler)/ adoption 2011 |
| <b>Alternative approaches to providing OIE advice</b>   |                                  |   |
| Develop alternative mechanism for providing guidance to Members on managing certain animal health and welfare issues outside the Code framework | TAHSC, AWWG, APFSWG & ITD        | Ongoing   |
| <b>Commodity-based measures for trade</b>   |                                  |   |
| 1. Reviewing code text<br>2. Research projects  | TAHSC, SCAD, AHG, ITD / S&T Dept | No activity (except see FMD control programme)  |
| <b>Wildlife</b>   |                                  |   |
| Definition and wildlife/domestic animal interaction   | TAHSC with WG on Wildlife & SCAD | Modified text for MC/adoption 2011 and ongoing  |
| <b>Compartmentalisation</b>   |                                  |   |
| Checklist   | TAHSC&SCAD                       | Generic checklist drafted for MC/info   |
| <b>Communication</b>  |                                  |   |
| Develop new CH  | TAHSC & AHG                      | New CH proposed for MC/adoption 2011  |

Note: MC; Member comments, CH: chapter, Q: questionnaire, SURV: surveillance, ITD: International Trade Department, S&T Dept: Scientific & Technical Department

## ITEM, ANNEX, CHAPTER NUMBERS AND CURRENT STATUS

| Item | Annex      | Chapter | Title   | Provided for comments | GS79 |
|------|------------|---------|---|-----------------------|------|
| 5    | Part A.2.  |         | Glossary  | Sep 10                | A    |
| 6    | Part A.3.  | 1.1.    | Notification of diseases and epidemiological information                                  | Sep 10                | A    |
|      |            | 1.2.    | Criteria for listing diseases (except new Article 1.2.1.)                                 |                       |      |
|      |            | 10.6.   | Avian tuberculosis  |                       |      |
|      |            | 10.7.   | Duck virus enteritis  |                       |      |
|      |            | 10.9.   | Fowl cholera  |                       |      |
|      |            | 10.12   | Marek's disease   |                       |      |
|      |            | 15.5.   | Teschovirus encephalomyelitis   |                       |      |
|      | Part B.29. | 1.2.    | Criteria for listing diseases   |                       | C    |
| 7    | Part A.4.  | 3.1.    | Veterinary services   | Sep 10                | A    |
|      |            | 3.2.    | Evaluation of veterinary services   |                       |      |
|      | Part B.30. | 3.3.    | Veterinary legislation  | Sep 10                | C    |
| 8    | Part A.5.  | 3.4.    | Communication   | Sep 08/09             | A    |
| 9    | Part A.6.  | 4.2.    | Design and implementation of systems to achieve animal traceability                       | Sep10                 | A    |
| 10   | Part A.7.  | 4.3.    | Zoning and compartmentalisation   | Sep10                 | A    |
|      |            | 4.4.    | Application of compartmentalisation   |                       |      |
| 11   | Part A.8.  | 4.5.    | General hygiene in semen collection and processing centres                                |                       | A    |
|      |            | 4.6.    | Collection and processing of bovine, small ruminant and porcine semen                     | Sep 10                | A    |
|      |            | 4.7.    | Collection and processing of <i>in vivo</i> derived embryos from livestock and horses     |                       | A    |
| 17   | Part A.15. | 4.13    | Disinfection (in relation to Anthrax CH)  |                       | A    |
| 12   | Part A.9.  | 5.2.    | Certification procedures  | Sep 10                | A    |
| 10   | Part A.7.  | 5.3.    | OIE procedures relevant to SPS agreement (in relation to CMP CH)                          |                       | A    |
| 40   | Part A.10. | 5.9.    | Certification for non human primates (in relation to wildlife)                            |                       | A    |
|      |            | 5.10.   | Certification for Animal products (in relation to Wildlife)                               |                       |      |
| 13   |            | New     | Control of OIE listed diseases in heat treated, shelf stable pet food                     | Sep 09                | E    |
| 14   | Part A.11. | 6.3.    | Control of hazards of animal health and public health importance in animal feed           | Sep10                 | A    |
| 15   | Part A.12. | 6.4.    | Biosecurity procedures in poultry production  | Mar08 / Sep09         | A    |
|      |            | 6.5.    | Prevention, detection and control of Salmonella in poultry                                | Sep10                 | A    |
| 38   | Part B.31. | 6.7.    | Harmonisation of national antimicrobial resistance surveillance and monitoring programmes |                       | C    |
|      |            | 6.8.    | Monitoring of the quantities of antimicrobials used in animal husbandry                   |                       |      |
| 16   | Part A.13. | 7.3.    | Transport of animals by land  | Sep10                 | A    |
|      |            | 7.4.    | Transport of animals by air   |                       |      |
|      |            | 7.5.    | Slaughter of animals  |                       |      |
|      |            | 7.6.    | Killing of animals for disease control purposes   |                       |      |
|      |            | 7.7.    | Stray dog population control  |                       |      |
|      |            | 7.8.    | Use of animals in research and education  |                       |      |
|      | Part A.14. | 7.X.    | Broiler chicken production system   | Sep10                 | A    |
|      | Part B.32. |         | Guidance from the AWWG to AHG on the development of AW standards                          |                       | I    |
