## NOTIFICATION

### Addendum

The following communication, received on ## ####, is being circulated at the request of the Delegation of New Zealand.

---

**Import health standard 155.02.06: Importation of Nursery Stock** has been issued as final on 7 April 2009; this standard replaces the previous version dated 10 November 2008. The import health standard can be viewed on the website at:  
<http://www.biosecurity.govt.nz/files/ih/155-02-06.pdf>

The following specific schedules of the import health standard have been updated:

- **Specific schedule for *Allium* (minor amendment)**
  - Removal of *Garlic mite-borne filamentous virus*, *Shallot mite-borne latent virus*, and *Shallot virus X* from the pest list.
- **Specific schedule for *Rubus***
  - New schedule for *Rubus* spp. Nursery Stock from all countries.

Updated IHS requirements for *Vaccinium spp.* & *Persea spp.* nursery stock from all countries

This addendum concerns a:
