

## Summary of Submission

---

Consultation on the Care Association of New Zealand S.40 model food control plan.

### Consultation

A public consultation on the evaluation of the Care Association of New Zealand (CANZ) model took place between 6 April 2018 and 23 April 2018.

Comment	Change made
Two submissions in support for the proposed model	none

### Next Steps

The Chief Executive of MPI approves the Care Association of New Zealand (CANZ) model FCP and issues it by notice under S.405.

### Background

The Food Act 2014, Section 40 enables the Chief Executive of MPI to approve a template or model food control plan (FCP), developed by a person other than the Chief Executive, by notice under Section 405.

The Care Association of New Zealand (CANZ) has requested approval of its food safety manual (a model Food Control Plan) under section 40 of the Food Act 2014. The CANZ manual sets out procedures for managing hazards in a food service setting for aged care facilities.

MPI has evaluated CANZ's Plan to ensure it meets the requirements of the Food Act 2014 and allows for aged care facilities to prepare and serve safe and suitable food and recommended it was suitable for the Chief Executive to approve it.
