

# Information on Dairy Cow Milksolids Collection

## What is this form about?

This form sets the way dairy processors must keep records of the total milksolids they collect (s147(4)(a) of the Dairy Industry Restructuring Act 2001) and requires this information to be provided to MPI (s147(4)(b)).

This form will also help MPI by providing data on total milksolids collected to assist with processing applications that it receives for allocating dairy export licences under the Act (clause 2(a), Schedule 5B).

## Who should complete this form?

This form is for dairy processors who collect milksolids from cows.

## Section 1 — Personal details

Name (e.g. Company, co-operative, individual, trading name): \_\_\_\_\_

Company mailing address: \_\_\_\_\_

Contact person and position: \_\_\_\_\_

Email address: \_\_\_\_\_ Phone number: \_\_\_\_\_

## Section 2 — Permission to use information

Please note that the Act requires you to provide information on the total milksolids collected in the North Island. You are required to provide this information for both islands if you are an eligible participant for dairy export licences under the Act (for Schedule 5B).

You will be an eligible participant if you collect 0.1% of the total milksolids collected from New Zealand farmers in a dairy season. For example in the 2014-15 dairy season the total milksolids collected was 1.9 billion kilograms, meaning any processor who collected at least 1.9 million kilograms was an eligible participant.

Providing all other information is voluntary.

- ☐ I agree that MPI may use the information I provide in this form for other purposes under the Act such as monitoring the dairy sector.

## Section 3 — Total milksolids collected for the dairy season

This information covers the dairy season June 1<sup>st</sup> 20\_\_\_\_ to May 31<sup>st</sup> 20\_\_\_\_.

In this dairy season, I collected:

- ☐ more than 2000kg of total milksolids (go to Section 4)
- ☐ less than 2000kg of total milksolids (form complete — please return to MPI as directed)
- ☐ no milksolids (form complete — please return to MPI as directed)
