**Fish: Non Marine Fish Products for Human Consumption**

**CTO direction to biosecurity inspectors for the clearance of fish products for human consumption**

Pursuant to section 27(1)(d)(iii) of the Biosecurity Act 1993 I, Vicki Melville, Manager Animal Imports, Ministry for Primary Industries (under delegated authority), give the following directions for fish products for human consumption to be given clearance in accordance with the following measures, different from those in the applicable import health standard for marine fisheries products for human consumption from all countries (fismaric.all):

This CTO direction will allow that non marine fisheries products that have been considered and found not to carry disease of concern in the risk analysis for whole finfish for human consumption or fishbait to be cleared. Each consignment must be individually assessed.

The risks that imported fish products may pose have been considered in the risk analysis.

This direction takes effect from the date of signing and continues in effect until amended or revoked.
