- City and town
- Road
- Wood supply region (2012)
- Lake

This map shows exotic forests greater than 50 hectares in extent. Forest ownership is shown for those owners/managers who were willing and able to provide spatial information on their forests. Ownership of some forest has not been identified.

Most boundaries and ownership details have been provided by either the forest owners or forest managers. Forest boundaries represent net stocked area, forest boundary or legal boundary. Forest boundaries were updated where information was provided as either digital data, printed maps, or scanned maps. Paper maps were scanned and forest boundaries digitised, using the existing boundaries in the Land Cover Database Version II (LCDB2).

Data Restrictions

The digital data are held by the Ministry of Primary Industries, for use in its activities, and are not publicly available.

Disclaimer

While every effort has been made to ensure the accuracy of the information contained in this map, the authors and developers accept no responsibility or liability for any errors or omissions.

Acknowledgements

The cooperation of forest owners, managers, and consultants in providing information for this map series is gratefully acknowledged.
